

Allah Ta'ala can prevent Rainfall and Growth of Plants.

Allah Ta'ala can prevent a person becoming rich or poor.

Allah Ta'ala can prevent Harm or Benefit from reaching us.

Al Maani
"One who Prevents"

We all depend on Allah Ta'ala at all times.

If the entire creation wants to harm or benefit someone, Allah Ta'ala doesn't want it to happen, it will never happen.

Allah Ta'ala can protect a person from diseases or accidents.
