

T	TAQWA - A Quality that every teacher should adopt. Without it, your teaching will have no effect on the children.
E	EXAMPLE - The teacher needs to lead by EXAMPLE , in all aspects (behaviour, dressing, character, etc) during and out of Madrasah hours.
A	ALLAH - Create ALLAH consciousness in your pupils. Teach the children how Allah's love must come into us and how to become a true AABID . A also stands for AAMAAL , AKHLAAQ .
C	CHILDREN - They are a trust, an amaanah in our care. We need to take proper care of this trust for we will be questioned about them on the day of Qiyaamah .
H	HOPE - Create in the children HOPE in the mercy and grace of Allah Ta'ala. HUMILITY - Create HUMILITY within ourselves.
E	EXPERIENCE - Make the child's stay at the madrasah the best EXPERIENCE of his life. Make him love to attend madrasah by making the lessons interesting for him.
R	REACH - By practicing on all of the above, we will Insha Allah REACH our goal for teaching i.e. the pleasure of Allah Ta'ala and being the best of people will only be possible by implementing the above. RESEARCH - A teacher must always keep RESEARCHING new material which will help pupils improve standards.

The above is a summary of a lecture delivered by Hadhrat Moulana Yunus Patel Saheb (RA) on the 15 January 2008 at a Mu'allimahs workshop at the Hendry Road Jamaat Khaana in Overport.
